

Lubricating Gel

Our premium lubricating gel is an essential component of [endoscopy consumables](#), designed for endoscope lubrication to ensure smooth and safe insertion of endoscopic instruments. This high-quality water-based gel minimises friction, enhances visibility, and supports optimal outcomes in various endoscopic procedures. Trust our products to deliver the reliability and performance you need for successful endoscopies.

Features

- EndoSelect Lubricating Gel is a crystal clear gel for use in transient gastrointestinal endoscopic procedures with duration less than 60 minutes.
- EndoSelect Lubricating Gel is a water based formula, designed not to obscure the endoscope lens.
- EndoSelect Lubricating Gel is non-drip, easy to apply viscous gel and is easy to remove post procedure.
- EndoSelect Lubricating Gel sachets are easy to open, ideally sized containing 20g of lubricant for single patient use.
- Ideal amount of gel provided for dual procedures (gas & colon)

Product Code	Product Description	Pack Size	Quote
